

TECHNICAL DATA SHEET

FERTICELL NPK 2-10-2 Soluble Liquid

NPK

Product usable in Organic Agriculture according to Regulation (EU) No 2018/848 and 2021/1165.
Product that complies with NOP (National Organic Program - USDA).

Description - Specifications

FERTICELL NPK 2-10-2 Soluble Liquid is an organic liquid fertilizer, indicated for the prevention and correction of nitrogen, phosphorus, and potassium deficiencies. It promotes the growth and vigor of all plants and is chloride-free.

FERTICELL NPK 2-10-2 Soluble Liquid can be applied both foliarly and by irrigation in all types of crops during any stage of the vegetative cycle.

FERTICELL NPK 2-10-2 Soluble Liquid is a protein-based liquid of organic and ecological origin. It is rapidly absorbed and highly effective. Absorption can reach 90% within the first 3 hours after foliar application. It is nitrogen-neutral and reduces the risk of nitrogen contamination.

The application of **FERTICELL NPK 2-10-2 Soluble Liquid** is designed to avoid the excessive use of nitrogen fertilizers. It should be applied during the most critical stages of plant development: post-transplanting, growth, pre-flowering, fruit set and development, and when adverse conditions exist for crop development: heat stress, frost, hail, water or salinity stress, pest and disease infestations, phytotoxicity, etc.

FERTICELL NPK 2-10-2 Soluble liquid used during the growth phase, activates the metabolic systems of crops and gives vigor to plants, improving their response to abiotic stress as well as the healing of cuts/wounds on the leaves of the crop thanks to its high amino acid content.

Uses

Foliar
Fertigation

Containers available

0.500 L. screen-printed packaging
10 L.
20L.
1,000 L.

GUARANTEED ANALYSIS:

Composition	Percentage (w/w)
Total Nitrogen (N)	2.00%
Total Phosphorus (P2O5)	10.00%
Total Potassium (K2O)	2.00%

PHYSICAL PROPERTIES

Aspect	Liquid
Color	Brown
pH	2.00 ± 1.0
Density	1.20 ± 0.01
Solubility	100% soluble

GENERAL RECOMMENDATIONS FOR USE AND DOSAGE

Crop	Foliar dose	Fertigation dosage
Fruit trees (Citrus fruits, Apples, Pears, Blueberries, Almonds, Cherries, Peaches, Avocado, etc.)	- Maintenance: 2-5 l/ha or 200-500 cc/100 l/ application	- Maintenance: 2-5 l/ha or 200-500 cc/100 l/ application
Horticultural crops: (Tomato, Potato, Cucumber, Melon, Zucchini, Cauliflower, Onion, Carrot, Pepper, etc.)	- Maintenance: 2-3 l/ha or 200-300 cc/100 l/ application	- Maintenance: 2-3 l/ha or 200-300 cc/100 l/ application
Extensive crops: (Cereals, Alfalfa, Cotton, Beetroot, Corn, Sunflower, etc.)	- Maintenance: 2-7 l/ha or 200-700 cc/100 l/ application	- Maintenance: 2-7 l/ha or 200-700 cc/100 l/ application

• The specified doses are general recommendations. The amounts depend on the crop, phenological stage, level of deficiency, and soil type.

• The physical and appearance characteristics of the product may be altered due to the ecological nature of the product.

• Use under technical guidance. Keep at room temperature.

Suitable product for:

Soil/foliar fertilizers

Important notes:

TECHNICAL DATA SHEET

FERTICELL NPK 2-10-2 Soluble Liquid

NPK

Product usable in Organic Agriculture according to Regulation (EU) No 2018/848 and 2021/1165.
Product that complies with NOP (National Organic Program - USDA).

ATTESTATIONS:

Product suitable for use in Organic Agriculture in accordance with Regulations (EU) No. 2018/848 and 2021/1165, the NOP Regulation.

Control ECOCERT SAS

Raw materials of organic origin: Class A.

"Heavy metal content below the limits authorized for this classification."

- 1. Stable under normal ambient temperature conditions.**
- 2. It is compatible with most plant protection products and fertilizers and with most herbicides.**
